The cause is a color selector used to make the colors of the radio button text correct in the dark theme. The color selector was only available to secondary activities and not the primary activity.

Fixed in commit <https://git.stoutner.com/?p=PrivacyBrowser.git;a=commitdiff;h=8807eaccc921d6e8535a40421fd58d8c71cee17f>.
