

## Privacy Browser - Bug #248

### Sometimes typing a URL in the text box reuses the grey or red color formatting

| In is supposed to reset to black every time the URL box receives focus. |                |                        |            |

#### History

##### #1 - 02/15/2018 11:45 AM - Soren Stoutner

The problem is caused when a URL is loaded from the text box. Focus was not being removed after the URL loaded. If a new URL was then typed in the box, the formatting was not cleared because focus was not being gained.
