

Privacy Browser - Bug #418

When app bar scrolling is disabled, scrolling the abb bar directly still works

04/29/2019 01:39 PM - Soren Stoutner

Status:	Closed	Start date:	04/29/2019

Target version:		Spent time:	0.00 hour
Description			
So, if app bar scrolling is disabled, but the user scrolls up on the app bar directly, it will still scroll off the screen. And there is no way to get it back.			
Fixing this bug requires disabling scrolling on the app bar as well as on the WebView.
